

Passage To The Center: Imagination And The Sacred In The Poetry Of Seamus Heaney

This is the first major anthology of Irish American poetry. It breaks new ground in the field of Irish American literary scholarship by collecting for the first time the work of over two hundred Irish American poets, as well as other American poets whose work enjoins Irish American themes.

The Book of Irish American Poetry recovers many poets who have been forgotten and places already notable figures in American poetry within the context of a distinctively Irish American tradition. This important work of literary scholarship will dominate the field for years to come.

"Editor and poet Daniel Tobin took on a mammoth task in attempting to compile the most authoritative collection of Irish-American poetry . . . This book is a must-have for lovers of Irish and Irish-American writing." —*Irish America*

"... an intelligent, imaginative collection that sheds new light on a literary tradition while highlighting exciting work that might otherwise go unnoticed. Definitive enough to belong on the book shelf of any scholar who teaches or writes about American poetry, it is also a marvelous read, a browsing treasure." —*New Hibernia Review*

"Tobin as editor reaches beyond ethnic boundaries to capture a deeper and universal sense of freedom and exile. These poets, not all Irish or Irish-American, feel deeply the trauma of history." —*Multicultural Review*

"Daniel Tobin's *The Book of Irish American Poetry: From the Eighteenth Century to the Present* means to be for poetry what Charles Fanning's two great works, *The Irish Voice in America* and *Exiles of Erin*, do for Irish-American prose. That is, to be the last word. And certainly, what he has created with this encyclopedia collection is a compendium of works remarkable for its scope and depth." —*An Siannach*

"This is a book that one will enjoy dipping into again and again through the years. It appeals to poetry-loving Americans of all backgrounds, not only those who rejoice in some sort of Irish connection." —*Doxa*

DANIEL TOBIN is professor of writing, literature, and publishing at Emerson College. He is the author of three books of poetry as well as the critical study *Passage to the Center: Imagination and the Sacred in the Poetry of Seamus Heaney*.
